FS FG 40

FLUTE GRINDING OIL

FS FG 40 oil contains a unique blend of extreme pressure agents which provide superior performance in high speed grinding operations on all types of materials. FS FG 40 is unique in that it contains the latest generation of synthetic esters, anti-oxidants, vegetable oils, and corrosion inhibitors. FS FG 40 is highly recommended for flute, plunge, and gear grinding applications.

PRODUCT BENEFITS

- Free of sulfur and chlorine
- Superior anti-misting properties
- Excellent wetting and boundary lubrication
- Low foaming
- Transparent appearance for high visibility
- High flash point
- Will not form residues under normal operating conditions
- Resistant to oxidation
- Non-smoking
- Residues are easily removed from parts with normal solvent or aqueous cleaning systems

ADDITIONAL APPLICATIONS INCLUDE

- Machining
- Drilling/ Tapping, especially for non-ferrous, yellow metals and alloys
- Light to Medium duty screw machine operations
- Roll Threading operations
- Light duty heading operations

TYPICAL PHYSICAL PROPERTIES
