

FS JOYLOADER SEMI-FLUID LITHIUM GREASE

Features:

- Extreme pressure protection
- Good pumpability
- High temperature tolerance
- Resistance to water
- Long life-bearing performance
- Oxidation stability
- Meets JL-G specification of Joy Manufacturing Co.

Recommended Use:

Excellent for use in centralized lubrication systems.

Typical Specifications and Performance Data:

NLGI Grade	000
Thickener Type	Lithium Soap
Color	Red-Brown
Texture	Smooth
Penetration	31.2
Worked, 60 str., 1/10mm	460
Dropping Point °F	310 Min.
Base Oil Data:	
Viscosity @ 100°C	25
Viscosity @ 40°C	469
Pour Point °F	30
Flash Point °F	450

Product Availability:

- 35-lb. Pails
